

2021 Certified Pool Operator Class Information/Registration Letter

Thank you for your interest in taking a Certified Pool Operator course with the Pool Doctor. We are sure that you share the basic belief that more knowledge/education will provide a safer and healthier swimming environment and reduce operational costs/liability at the same time.

The benefit of taking a class with the Pool Doctor is that you receive "real world" information from the premier swimming pool service company in Colorado. There are several options available to you to take the course and receive certification; taking the course from a health department or "catalog company" does not give you the added insight and invaluable experience of an instructor that is in the pump room/poolside every day.

Our instructor is the ONLY Pool and Hot Tub Alliance (PHTA) Certified Service Pro (the highest PHTA technical certification) AND Certified Pool Operator Instructor in the state of Colorado. We bring the "theory" to the "real world" in every class we teach.

Class types:

- Traditional 2 Day or Virtual (Zoom) Class - \$250.00
Fusion Course - \$350.00
Test Retake - \$20.
